

The DofE Outdoor Eating App

Features:

Recipe search:

- By activity
- By type of meal
- By preparation and cooking time

My Stuff:

- Favourite recipes
- Shopping list
- Day planner

Extras:

- Basic equipment list
- Essential food basics
- Safety
- Conversion table
- Facebook/Twitter feeds

Introduced by **Mat Follas**, 2009 Masterchef winner, the DofE have joined forces with Parragon Books and Cookstuff to create a mobile app, exclusively for the iPhone, featuring 80 recipes for everyone who enjoys the great outdoors.

Relevant for **backpackers**, **campers** or **family days out** the app is about introducing new and old favourite recipes which are ideal for outdoor eating, providing simple ways to liven up a meal whether it's cooked over an open fire or portable ring burner.

The app allows users to filter recipes providing something for everyone, whether it's amain meal or snack, a vegetarian or meat dish, requires refrigeration, or can be prepared in ten minutes or less!

Furthermore the app filters can separate out recipes specifically for backpacking as clearly space, weight and the ability to keep things cold are more important for this type of camping.

Other features of the app allow you to store your favourite recipes, prepare a day planner and download a shopping list in the 'My Stuff' area. And then in 'Extras' there's loads of really useful information on key bits of kitchen equipment to take, some simple food basics to liven up meals and a conversion table if you have forgotten your weighing scales!

We've added a Facebook and Twitter feed to find out what recipes you really like or don't... **So enjoy!**

About The Duke of Edinburgh's Award

Youth Charity The Duke of Edinburgh's Award is the leading youth achievement charity developing young people's skills for life and work. We support over 300,000 people aged 14-25 every year, with over 30,000 coming from disadvantaged sections of the community. Our ethos is to enable every young person of every background to take part in our programmes and succeed, regardless of any barriers. We help to instil a sense of adventure and have a lasting impact on young people's behaviour, skills and life chances. Research amongst businesses shows that the Award is one of the key factors in influencing job opportunities.

The DofE provides the opportunity for young people from all walks of life to take up the challenge to create a better and brighter future for themselves. Through the volunteering part of the programme, young people not only give their free time but through doing so provide over £21 million of value annually to their local communities.

For every app sold, the DofE will receive a minimum of £1.00.
